

# BIOLYTE

Compact, cheap and easy to use, excellent precision and reliability. Available in different configurations, depending on the number and type of electrodes required.

## > SPECIFICATIONS

Long life, high performance, maintenance-free electrodes
Automatic washing and calibration
Large touch screen LCD display
Built-in thermal printer
Auto sampler 20 samples (optional)

<b>Sample</b>	Serum, plasma, diluted urine
<b>Sample volume</b>	150 µL
<b>Throughput</b>	Up to 60 samples/hour
<b>Connectivity</b>	RS-232 serial port

## > REAGENTS & CONSUMABLES

Product	Code	Kit Size	Description
Reagent Pack 3 Na-K-CL	34100-3	750 test/Max	Pack
Reagent Pack 4 Na-K-Cl-Li	34100-4	750 test/Max	Pack
Reagent Pack 5 Na-K-Cl-Ca-pH	34100-5	750 test/Max	Pack
QC Control Solution	34031-3	100	Liquid Ready to Use
Daily Cleaning Solution	34039	100	Liquid Ready to Use
